

FEATURED LOCATION VIDEOS

Bring Your Location to Life

Online video is the most effective way for site selectors to see and hear all of the benefits that your location has to offer.

BusinessFacilities.com's Featured Location Videos puts your online video in front of our audience of corporate site selectors. Your video, along with promotional copy and a link back to your website, will be featured on the #1 website for corporate site selectors.

Don't miss this opportunity to promote your location through this increasingly powerful marketing channel.

More than 75% of senior executives watch videos on business-related websites at least once a week, with 65% visiting a vendor's website after watching a video.*
